## Our Purpose

The Decatur Art Guild (DAG) is a non-profit organization whose purpose is to promote interest and participation in the creation and appreciation of original arts and crafts.

Our goals include encouraging artist and craftsmen to continue their work and to improve the quality of their work; to encourage the community to become involved by sponsoring community-wide workshops and special events in various arts and crafts; to provide artists and craftsmen with the opportunity to meet and share ideas and find solutions to problems; to provide art and craft related information and to coordinate local art and craft activities.

Decatur Art Guild Sponsored Activities include Jubilee Arts and Crafts Show, Wheeler Basin Library Show, Members Show, and Workshops. The Guild participated in matching funds for the purchase of art supplies for troops in Afghanistan, and we provide city and county schools art programs with money for the purchase of supplies.
